

Your Sailing Program's New Favorite Tool that's Already in Your Pocket

The Skill Up app brings US Sailing's instructional expertise to your fingertips. Built to support US Sailing's skill development curriculum, Skill Up gives your program easy access to skill tracking, instructional videos, lesson plans, & program management resources.

Features for You & Your Instructors

- Fingertip Access to In-App Skills, Videos, & Drills
- Monitor Learning Progress of Classes & Individuals
- Record Sailor Attendance & Instructor Operations
- Access Lesson Plans & Create Your Own
- Portable Year-to-Year & Program-to-Program
- Share Progress with Sailors & Parents

Don't Take it from Us

"Skill Up partners perfectly with sailors of any skill level and gives them a good foundation. It is also the tool we've been missing to connect families, sailors, coaches, and the program. For the first time, parents who were new to the sport were engaged from the very beginning."

- Stephanie Webb, Edison Sailing Center
