

JSA LIS Junior Program Staff & Salary Survey

Intro

Please complete this JSA Junior Program Staff and Salary Survey about your staffing practices during this summer (<u>a separate survey</u> handles information about the summer program activities, including curriculum and organization, counts of sailors and their boat types).

Designate one person from your program to respond to the survey. Then we will distribute summarized results for use by the clubs that have participated.

Please give us the most complete information you can and you will share in the feedback. Your specific responses are kept confidential and only summarized results will be published, with no identification of the source.

If you don't have this summer's data right now, please come back and complete this survey after you have the data ready at hand. You may also save a partial survey, then return to continue it until completed (use the same computer and browser, with cookies active, so the survey system recognizes you).
